

Even unto old age you may feel the vigor of youth, with its light neart, elastic step, courage and Stireless energy. You may be free from pains and aches and dely your years.

There is a fountain of perpetual youth, and you have only to reach out your hand and take it. You can drink of it until your heart shouts with gladness, and with all your might you will proclaim, as other men thare. --

"I AM A MAN!"

Like the giants of old, you can be in your prime at 60-strong, vigorous and full of youthful enthusiasm.
